

AUTO CRASH RESULTS IN SUIT FOR \$50,000

Employers of Marion Man De- fendants in Action Brought in Wyandot County

Suit for \$50,000 damages, based on an automobile collision in which Francis H. Crawford of Marion and Mrs. Opal E. Pearce of Ashland were fatally injured, was brought in the Court of Common Pleas of Wyandot County yesterday against Crawford's employers on the claim that he was to blame for the accident.

The suit, filed by John F. Pearce as administrator of the estate of Mrs. Opal Pearce, is against the National Motor Co., the firm for which Crawford was working, and R. D. Tittle, president of the concern.

The automobile crash occurred the afternoon of March 22 at the intersection of the Nevada and Upper Sandusky-Haverhill roads in Wyandot County. Crawford was driving a Buick and Mrs. Pearce was riding with several other persons in a Vette car driven by J. H. Shoffstall of Ashland. The Shoffstall party was returning from a funeral in Wyandot County. Both cars were practically demolished.

Mrs. Pearce died in Monrovia Hospital at St. Louis several weeks after the accident. Crawford passed away at the Marion City Hospital a few days prior to the death of Mrs. Pearce. Crawford, who was 40 years of age, resided at 191 E. Centerst.

INCREASE FUND

Brotherhood of Railroad Trainmen Strengthen Insurance Department

Cleveland, May 25.—The delegates to the triennial convention of the Brotherhood of Railroad Trainmen, in session here, have strengthened their insurance department. It was learned today by voting to increase the reserve fund of the organization from \$2,000,000 to \$3,000,000.

The increase, which was voted late yesterday, is said to be already available will reduce necessity for assessments for the reserve fund, officials declared.

The maximum age was also changed by the trainmen from 45 to 55, for which larger policies can be obtained by members. The change was made because policies can be cashed when the holder reaches 70, it was said.

AT YOUR SERVICE

The phrase, at your service, is time worn, no doubt, and often meaningless—in the hustle and bustle of present day life, the value of service is sometimes unthought of. To illustrate, your registered pharmacist has devoted his life to the service of his customers—his drug store education, his schooling in college, his permit to practice as a pharmacist, his long hours behind the counters, the large stock he carries for your every need, the care he exercises in matters of medication, all are examples of his service to you. However, he wishes no words of praise—he wishes only to become your better servant—your service druggist.

To render better service to residents of Marion and Marion County, the Marion Service Druggists became cooperatives, not only in matters of cooperative buying and merchandising, but of cooperating with you, their customers, in extending to you the advantage of their buying power. Shop with your Service Druggist, where your confidence is valued and your patronage is appreciated.

The New Book

By FRANCES JENNINGS

FROM its title, "Etched in the Moon," one catches the mood of the book. It is a queer little volume of stories, just published by the Macmillan Co. The new book contains some of the most distinctive writers of the day, and the stories are as well as from the pen of Mr. Stephens.

realistic authors who dominated Irish tradition in later years. The stories are simply told, hard but without animosity. The book does, however, leave a bitter taste with the reader for the relentless way it presents the sad realities of human life. It is the work of a weaver of fairy tales, of a writer, who, despite his love of the mysteries of life, is not unaware of its realities.

Titles of the six shorter stories are: "Desire," "Hunger," "Schoolfellow," "Darling," "The Wolf," and "The Boy." The narrative of a "man who had completed his circle" of a woman torn by adversity, of an old friend turned drunkard, of a "human worm" of a quiet man, and of the loss—a man

TRICKS OF LOYALTY REVEALED IN BOOK

CONINGSBY DAWSON'S new book,
"Pilgrims of the Impossible," which
Doubleday, Doran have just pub-
lished, is a study of loyalties and the
queer tricks they play with people's
lives.

The English musical comedy stage,
which has its traditions and its loyal-
ties quite as strongly established as the
grand old Ellen Terry and Henry Irving
school, is the background, June, the
young heroine, who repeats her
mother's success as a singing and dancing
favorite of the musical shows, is
pictured in the midst of all her theatrical
activities. Her manager, the
shrewd, kindly old comedian, who had
year after year embraced dozens of girls
to the delight of his audiences, is one
of the outstanding characters.

The story revolves about conflicting
kinds of loyalty—the loyalty of June
who forewent the one enduring love of
her life because she could herself to
hust a worthless husband; the loyalty
of her lover, who lost her to the weaker
man because he would not compromise
with his honesty and marry her before
he had won a success which would
make him independent of her bounty,
and the strange, warped loyalty of the
husband, who counted cynically upon
their ideals, yet in the end redeemed
his cowardice with an act of incompar-
able courage.

Mr. Dawson is the author of a long
list of successes, including "A Garden
without Walls" and "The Coast of
Folly."

NOVEL TAKES PLACE AS FICTION CLASSIC

HORSE OF CORTES BOUGHT BY AUTHOR

The author of "The Bride of the
Sage," Emma Lindsay
Squire, has sailed for Guatemala to
search for the "white horse" of Cortes.
The legend is that the conqueror
left his sick horse in care of the
Aztec, who ignorant of horses, offered
it venison, sweets and other dainties
with result that the horse starved to
death. Pending the return of Cortes,
they carved a likeness of the horse in
white marble and invented a story
that the animal, dying of grief over
separation from its master, was turned
to stone by a pitting God. The
statue is said by Indians to lie at the
bottom of a shallow lake in the Guate-
malan wilderness.

Although there are no means of com-
munication with Squire, who speaks
various Indian languages, will travel
alone and unarmed, with native
guides, into a region unknown to white
men. Incidentally, she is teaching
down several legends known to be
true among Indians of the interior.

CIRCUS TO BE HERE THREE DAYS IN JUNE

Bob Morton Show Coming Un-
der Auspices of Kadgar
Crotto

Announcement was made today that
Kadgar Crotto, local Masonic organiza-
tion, would bring the Bob Morton
circus to Marion for a three-day show
on June 11, 12 and 13.

The circus will show on the Aron-
halt grounds between Prospect and
Oakdale. Two performances will be
held daily, a matinee at 2:30 o'clock
and the night performance at 8:15
o'clock. Doors for the performances
will open an hour before the time for
starting.

Decision to bring the Bob Morton
circus to Marion was made by the Kad-
gar Crotto committee after members
had communicated with Masonic groups
in Portsmouth, where the circus was
shown recently. The committee is com-
posed of Jack Gamon, L. E. Nebergall,
L. G. Sifrit, W. Don Davis, R. G.
Williamson and C. D. Mittenhubler.

The show, it is said by members of
the committee, is not a carnival, but
is a circus with 25 big circus acts,
one hundred and fifty persons travel
with the show. While there are a num-
ber of interesting riding features pre-
sented by the Rhoda Royal Troupe of
Bare Back Riders and animal acts,
much stress is placed upon the aerial
and acrobatic acts carried.

PLAN SUIT AGAINST GAS RATE PETITIONS

Fremont Industrial Heads To
Oppose Referendum, Is
Report

Efforts to obtain a referendum vote
on the new gas rate ordinance in the
city of Fremont here to meet opposi-
tion from heads of 15 leading industrial
concerns there, according to a news
report today.

The manufacturers, it is stated, will
bring a suit attacking the validity of
the referendum petitions filed with the
county board of elections.

The referendum vote is sought on a
new 10-year contract for increased
rates entered into with the Logan Gas
Co.

Reports that the suit would be filed
were in circulation following meetings
of officials of Fremont industries and
the gas company, held in Fremont and
Tulsa. Virtually every factory in Fremont
will be drawn into the court fight, it
is predicted.

Grant E. Mosser, Jr., Mason of
Fremont, who has been one of the leaders
in the fight against increased rates
proposed for Marion and other cities,
is prominently identified with forces in
Fremont opposing the new rates there.

Arch Supports

Bring Immediate Relief from Aching,
Tired Limbs and many miseries of Call,
Heel or Foot.

We specialize in Jung's and Otto Non-Skid
Arch Supports. Both of these are of very light
weight; elastic bands that support the arch
and keeps the bones from spreading.

Invaluable, cool, effective, inexpensive. People
who stand long hours on their feet find these long
last days with them a great relief.

Something New in Shoulder Braces

Wristed fabric, sturdy padding are producing
stunning, wrapped and covered children. As
the body is bound the body is bound to grow.

The world moves and a perfectly satisfactory
shoulder brace that will support the body
body has at last been produced.

No heavy, hot, clumsy harness or corset
effect. Very light—very comfortable—easy to put on;
very effective and entirely out of sight.

Bring in the child and see what can be done
to improve his carriage. Now is the time when
the evil influence is about to stop for the summer.

Ohio One of Greatest States of Union and Most Typical and Representative, Declares Governor Donahey

By VIC DONAHEY
Governor of Ohio

OHIO is one of the greatest states of the Union. It is, in my opinion, the most typical and representative of all our States. Ohio is a cross-section of the nation with respect to industry, resources, climate and any factor one might mention.

**TRIANGLE
TIRES
MALO BROS.**

Industrially, Ohio ranks third in the United States. Ohio ranks first in the manufacture of clay products (including pottery), first in machine tools and first in rubber tires and tubes.

It is second in the great American industry of manufacturing motor vehicles, in motor vehicle bodies, steel works and rolling mills, blast furnaces, coke and in soap.

Our state ranks third in the manufacture of paints and varnishes, fourth in glass and also in

electrical machinery and fifth in printing and allied industries. The Buckeye State ranks eleventh in agricultural crop production, fourth in the value of animal products. Combining the two, namely, considering all phases of agricultural production, Ohio ranks seventh in the sisterhood of 48 states.

Third in industrial manufactures, seventh in agriculture! Ohio is an empire within itself.

Only four per cent of Ohio's area lies waste; the remainder has reached a high state of development. The State has a history of progress, prosperity, and hap-

ness. Her growth has not been due to accident, but rather to the intelligent use which has been made of her matchless resources.

Ohio is a splendid state in which to live, in which to raise a family. She is still in her infancy and looks forward to a future of untold greatness.

No definite date has been set for the flight, but it will probably be in June.

BEGIN FESTIVAL

Dinner on Campus Tonight with
Pageant Following

Delaware, May 23.—Columbia of Ohio Wesleyan University here are beginning their annual spring festival known as Monnett Day with the senior class chain procession, May pole dancing and the installation of newly elected women's student government officers this afternoon.

Dinner is to be served on the Monnett campus tonight and will be followed by the pageant, "When the Sun Sets Down," written and directed by Miss Martha Leach, Delaware, a member of the junior class.

A women's field day in the forenoon and the inter-society sing at night will feature the Saturday program.

Alumnae from many Ohio cities are present for the national conference of Monnett clubs, graduate clubs, maintained by Ohio Wesleyan women in many cities, which is being held in conjunction with the Monnett Day festivities.

ICEBERG WARNINGS

Vessels Advised More in North Atlantic Than Ever Before

Halifax, N. S., May 23.—Transatlantic liners were warned today to keep a sharp lookout for numerous large icebergs reported drifting along the steamship lanes.

Commander Hunter of the United States Coast Guard cutter Mohican, which put in here after a tour of patrol duty along the Grand Banks, stated that large icebergs in the North Atlantic were more numerous this spring than they have been for several years.

SUFFERED SEVERE STOMACH MISERY AFTER EACH MEAL

Konjola Produced Amazing
Change Over Entire Sys-
tem, Says Alliance Lady

MRS. S. G. MILES

"I am only too glad to endorse Konjola because it completely restored my health to me," said Mrs. S. G. Miles, 716 South Liberty Avenue, Alliance, Ohio.

"My stomach had been in a sick, unhealthy condition for five years. After every meal I had indigestion pains, gas bloating and a belching up of a hot, vile liquid. During the day I had sick headaches and awful dizzy spells. Then I developed neuritis in my shoulders and neck. The leaders would swell up and become very sore and stiff. I could not sleep well and would lay awake for hours suffering miserably.

Then my husband got me some Konjola and the first few doses worked marvels on my system and regulated the inner organs. I can eat things now that would have caused intense suffering before. In fact, all the stomach trouble is completely ended. Then the neuritis pains began easing up and now I hardly know I ever suffered from that ailment. I owe all my new health to Konjola and I will always be only too glad to endorse this medicine to others."

Konjola is different than any other known remedy in this section. It contains twenty-two juices extracted from natural plants which invigorate the stomach, liver, kidneys and bowels to a more healthy action. The effect of Konjola on the entire system brings amazing relief in cases of suffering that had been going on for years. At the same time many weak and rundown systems have been restored to a new state of health through this compound. Such a vast number of men and women in this city have told of their experience with this new medical product until now Konjola is the most highly honored medicine that is known in this vicinity.

Konjola is strongly recommended here in Marion at Stamp & Sons Pharmacy, and is also being sold by all the best druggists in all towns throughout the section.—Ady.

DUNLOP'S 40 YEARS

"WHAT OF IT? ... Even if Dunlop has had the longest experience in tire-building, does that affect my car?"

No. Not the mere fact of 40 years' experience. That might mean nothing. But, there is big meaning to you in the success of Dunlop's 40 years.

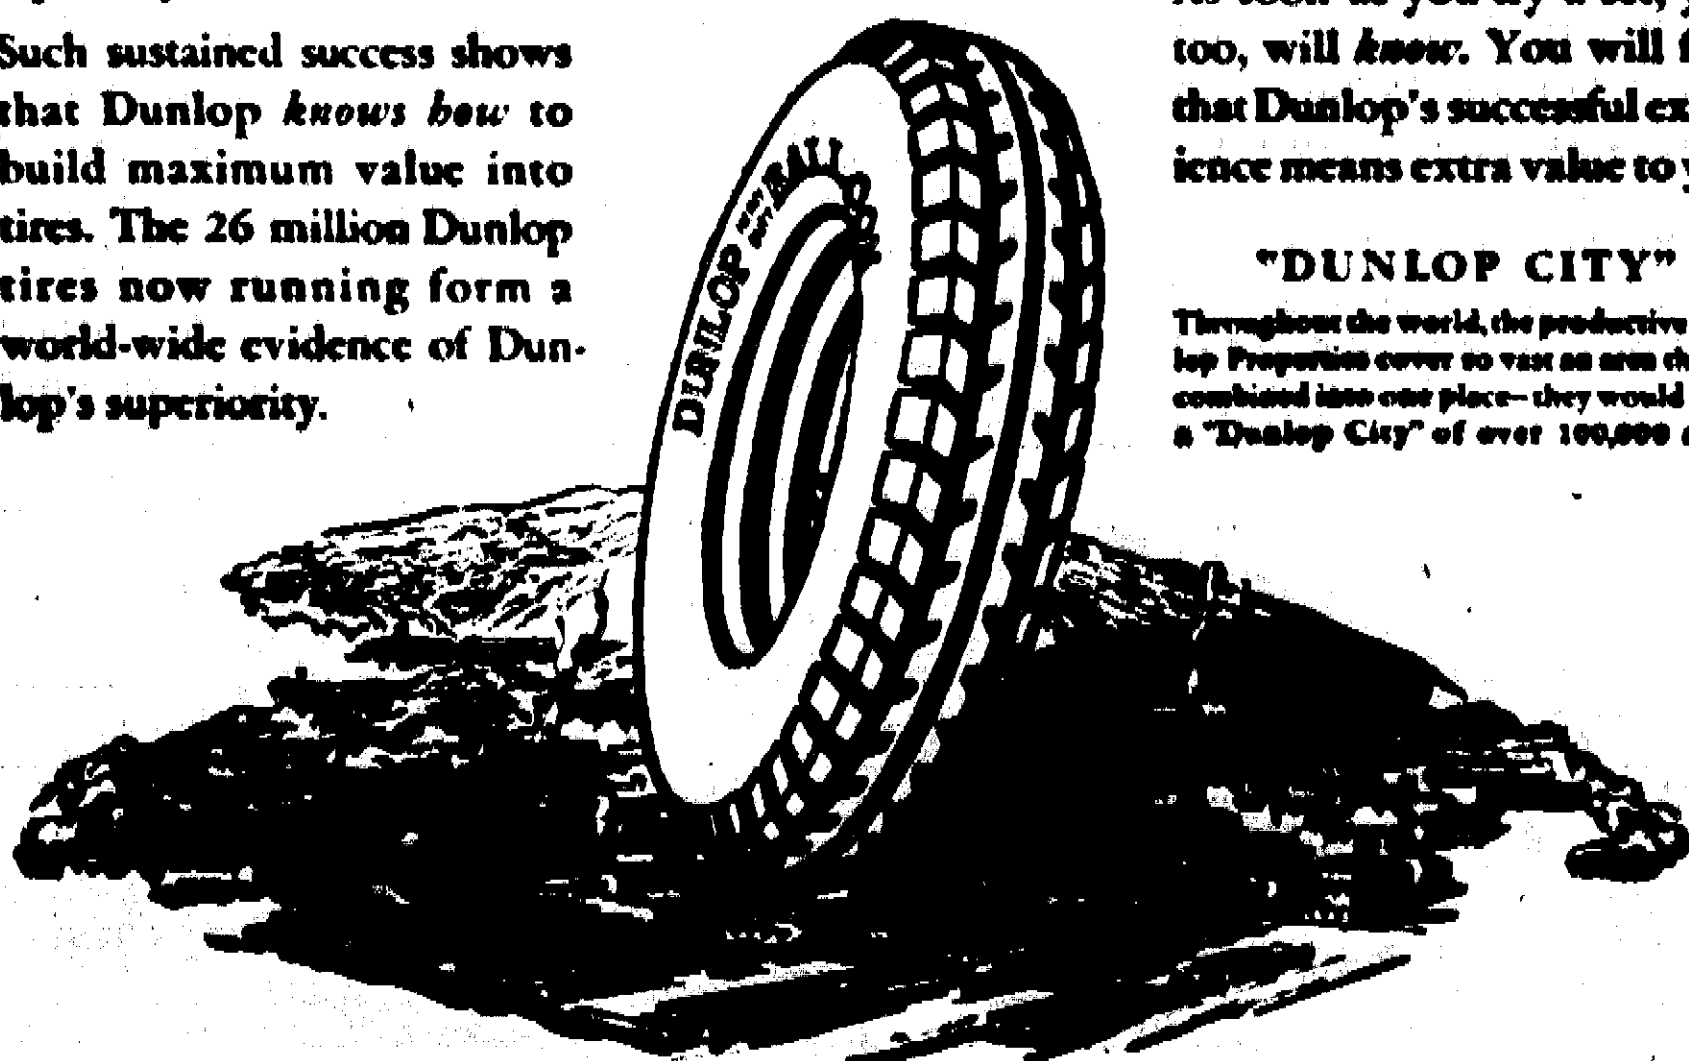

Such sustained success shows that Dunlop knows how to build maximum value into tires. The 26 million Dunlop tires now running form a world-wide evidence of Dunlop's superiority.

For 40 years year after year old friends have been sticking to Dunlop and new friends have been turning to Dunlop. These millions of motorists must be right. They have had experience in using Dunlops. They know.

As soon as you try a set, you, too, will know. You will find that Dunlop's successful experience means extra value to you.

Civil War Veterans Appear in Unusual Program Given at Kiwanis Club Meeting

C. A. R. Members, Guests of Honor at Luncheon, Contribute Song and Talks Reminiscent of Stirring Days of 60's; Charles Wiley Presides as Toastmaster

Stirring tales of Civil War days, told with a depth of feeling born of a memory of that historic period, provided an unusual and touching program when members of Cooper Post, C. A. R., in observance of an annual convention, were the guests of the Marion Kiwanis club at its luncheon at Hotel Harding yesterday.

Draped with flags and with the long tables bearing vases of white and purple carnations, the hall room presented a beautiful appearance as the veterans, led by their color bearer, marched into the room and took their places around a table of honor prepared for them in the center of the room. The table was beautifully decorated with flags and vases of purple and white lilies.

Besides Commander Wiley and Captain Harding, the guests included Thomas DeWolfe, George H. Catlett, David Seay, Fred Painter, W. S. Galt, and Michael Clark. Two veterans out of the local post have died during the past year, Commander Wiley and in his talk, the ranks having been reduced from 49 to 39 members. Of the two and three-quarter million veterans in the country who survived the great struggle, only 75,000 are now alive, the speaker said.

Flowers for the table, which were taken to President G. Fair Larie and H. C. Nelson, members of the club who are ill, were furnished by the pupils of the Central Junior High School. A request that the club elect a new president to complete the unexpired term was submitted to the club by G. Fair Larie, who has been ill at his home on E. Center for the past several months. A motion that the letter be tabled and the five past presidents assist the vice president in carrying on the club work instead, was carried.

Fifteen years of development —but an overnight popularity

GENERAL ELECTRIC Refrigerator

Wherever you go you hear people praising the General Electric Refrigerator. Almost overnight it has taken a prominent place in the thoughts of homemakers.

One hears of its remarkable simplicity. That it hasn't a single belt, fan or drain-pipe. That it hasn't a bit of machinery under the cabinet—or in the basement. That it never needs oiling. There are many, many comments on the quietness

with which it operates. There is much enthusiasm for the extreme roominess and the splendid strength of its gleaming, up-on-legs cabinet.

Overnight, it seems... but for more than fifteen years the vast laboratories of General Electric have been busy with the development of this truly revolutionary refrigerator. Will you not come in and see the various models? Time payments can be arranged, if you prefer.

PAGE TWENTY

All Outdoors AND Where To Go

BY JAMES W. STUBER
Columbus, May 23.—Some of the best fishing for small mouth black bass is to be found in Ohio, at Put-In-Bay and on across the line at Pelee Island, Ont. It is said that the hardest fighting bass to be found anywhere in the Great Lake states are those taken in these waters. The very best that Dr. J. A. Henshall spoke of as "pound for pound and inch for inch, the gamiest fish that swims" live here. It is at Pelee Island that millions of Clevelanders go to fish. The island is a state-owned game preserve, and the game warden, George M. Pullman, and others have been guests of the Cleveland Club on Pelee Island, and they come to Pelee because of the big fighting small mouth bass. Many Ohio fishermen have the idea that they must go to far away places, to Minnesota, Maine or Northern Canada for small mouth bass, when right close to our own borders there are a plenty.

In the summer months bass are taken in these waters on plugs or spinners, but in the fall minnows are best. Canada permits no spring fishing here for bass are spawning then. She gives them a chance. The season at Pelee and at Put-In-Bay opens July 26.

Use Two Hooks
When fishing with minnows a six foot transparent net leader should be used. Experienced fishermen in these waters use two hooks, one tied about two feet above the other. The lower hook is baited with a small crayfish—over a large one a half inch crayfish is the best size, and the upper hook is baited with a minnow hooked through both lips. Small snail hooks for the best—the kind commonly known as rock bass size. The bright hook is not good for these waters as they are generally very blue and clear. Rock bass are found here in large numbers. Sheephead and pickerel are also plentiful.

Good Camping
At Pelee Island good camping sites can be found. There are no hotel accommodations. At Put-In-Bay there are moderate priced hotels. Cottages are also available. Launches and boats can be rented. One can stop at Put-In-Bay where accommodations are first, and can arrange a fishing trip with guide and motor boat to any of the nearby islands or to Pelee Island. The license fee in Ontario is \$5.00, for residents. There are good camping places on many of the islands near Put-In-Bay.

Pelee Island is reached by boat from Sandusky or by launch from Put-In-Bay. When planning a trip to Pelee it is best to write to Pelee Island Fisheries Co., 426 Williamson Bldg., Cleveland, for information as to locations of islands, or information can be secured from Canadian Customs at Pelee Island, P. O.

Put-In-Bay is reached by ferry from Sandusky, and daily steamers for Put-In-Bay. The ferry steamer does not call at Sandusky every day so it would be best to write to Canadian Customs at Pelee for the dates on which the steamers call at Sandusky. In going to Pelee it would be wise to camp and take your own provisions.

In thinking of Pelee Island and Put-In-Bay one recalls a verse from Henry Van Dyke:

"When weary in the street parade
And weary books, and weary trade,
I'm only wishing to go fishing."

16 OHIO COLLEGES TO TAKE PART IN MEET

Ohio Wesleyan Tracksters Favored To Win Big Six Honors

Wooster, May 23.—Representatives from 16 Ohio Colleges gathered here today for the annual Ohio Big Six track meet, this being the first occasion when the event has taken place in Wooster during the 25 successive years of its history. The breakdown of the conference, due to the formation of southern and northern groups, may mean that this meet will be the last "Big Six."

Ohio Wesleyan, with a well-balanced team, is almost certain to take first place, and will probably lead Oberlin, Miami and Wooster by 20 points when sundown comes on Saturday.

Oberlin, Miami and Wooster will probably finish second, third and fourth in order, although second and fourth possibly do as well as second if Oberlin and Miami cut each other's throats.

Each of these schools is counted on to take as many first places as does Wesleyan, but the Methodists are certain to count many points on second and third places which will give them a commanding lead.

The first preliminary event was scheduled to take place at 8 o'clock this afternoon. Drawings were to be made at noon today at a meeting of conference officials at Mansfield, prior to their coming to Wooster. There will be preliminary heats in the 100, 220 and 440 yard dashes, and in the hurdles. There will also be preliminaries in all of the field events.

Schools participating in the meet are Akron, Case, Cincinnati, Denison, Hiram, Miami, Muskingum, Mt. Union, Oberlin, Ohio Northern, Ohio Wesleyan, Oberlin, Western Reserve, Wittenberg and Wooster.

YES, A GOOD 5c CIGAR AT LAST

It Knocks Out All Previous Ideas You Ever Had

Men, forget the many times you've lit a five-cent cigar, puff and throw it away. Try one more brand: **Havana Ribbon**. You sure will hold on to this one!

Havana Ribbon is a five-cent cigar in one respect only: Price. By every other standard of comparison, it is a long way from being a five-cent cigar. And the reason is—its taste! Many five-cent cigars contain the poorest leaves of the tobacco plant—sour-ripe, low leaves (usually bitter); or over-ripe bottom leaves (usually flat-tasting). Havana Ribbon contains only choice fully-ripe middle leaves. Imagine getting, for five cents, all the fragrance, mellow-mild, fine-flavored goodness of tobacco at its best!

You can prove it in two minutes. Just place one Ribbon in the next cigar counter and ask for Havana Ribbon. Also sold in Practical Pocket Packages of five cigars.

WOODS and WATERS by HOMER BOW

Homer Bow's Outlook Good
Although spring was rather reticent about putting in appearance this year, it has stayed with us in a rather consistent manner since it arrived and nature, although getting a late start, is just about up to where it should be this time of year.

Vegetation was slow, but under the influence of the warm weather has developed into reasonable proportions.

Fear was felt by fish experts of Ohio that the late season was going to be a serious proposition for spawning fish. Water temperatures have warmed and the hot rays of the sun have gone far toward hastening the propagation of the inhabitants of Ohio waters.

Harring cold weather and unseasonably high waters, the spawning should be done according to schedule and most of the bluegill and bass should be off the nests at the time bass season opens on June 16.

Fishing in Ohio has not been at its best for several years. Whether conditions have been wrong or whether the lakes and streams of the Buckeye state are actually depleted has caused a great deal of controversy. This year, both winter and spring have been a great deal different than those of some years past and may have an effect on fishing.

Water has been lower this spring than it has been in many years. The ordinary swelling of the streams from melting snows was making and in the past few weeks there has been but little rainfall. As a result the waters of Ohio rivers are almost at an autumn level, lower in fact, than many fishermen have ever seen them.

Should fishing return to standard, this year should be a banner one in the annals of Ohio hunting and fishing. Last fall, for the first time, squirrel were unharmed and on the tables in the state. It is a safe bet that there will be more squirrel for hunters this fall than for many years.

Breeding conditions this spring have been excellent and with none of the breeding stock killed off last year, combined with the offspring of last year's youngsters. The season should be exceptional.

Rabbits were preserved last year by cutting the limit to five. Many were taken as the result of this change but for that, as some other reason, this spring to have more rabbits this year than for many, many years past. Taking it all in all, things are looking up for angler and hunter.

House Cats
This is the time of year that the hunting house cat is at its best, or worst. With young rabbits just hopping around and birds on the nest or just hatching, tabby wares fat.

A drive through the country at morning, now, will disclose, literally, hundreds of cats prowling about in the grass and on their way home. Last Sunday morning we saw no less than a dozen which were well away from buildings of any kind.

The cat is a great destroyer of game and birds. In fact, a hunting house cat, operating in productive territory, will do away with more game than a hunter.

One cat less is game saved. Two cats less more game saved. Circumstances.

STILL GETS 'EM
Babe Ruth Smacks No. 11 in Game With A's

NEW YORK, May 23—If Babe Ruth continues to hit home runs at the pace he has maintained thus far this season, he will have a total of 43, three more than the record he set last year. His fourteenth circuit clout of the current campaign, made against the Athletics yesterday, puts him three home runs, six days and seven games ahead of his 1927 record.

GOODWIN IS CLAIMED
Boston, May 23.—The boxing world of New England today mourned the passing of Thomas M. "Tom" Goodwin, well known promoter. Jack Shanley, Jack Maloney, Al Mello, Sammy Feltner and Ernie Schacht were among the fighting men of Boston developed by Goodwin.

Thunderous lightning makes a man think of death, but in no contemplative way.

Acids in Stomach Cause Indigestion
Create Sourness, Gas and Pain. Now To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any drugstore some Eucated Magnesia and take a teaspoonful of powder or four tablets in water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Eucated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more loss of indigestion—today.

Babe Ruth Is No Longer News

Home Run King Settles Down to Quiet Domestic Life

BY FRANK G. MENKE
It's about time for Babe Ruth to become fearfully ashamed of himself because of his treatment of newspaper block.

Once he was a constant topic for discussion; once he was the fair-haired child who was forever doing the unusual and the spectacular and making a perpetual source of good "copy."

But of a sudden, he has slumped into the routine of life, "got religion" or something. Not so long ago on rainy days, when there was no baseball combat to write about, Ruth was ever a stinging topic. Well, now the Babe has done gone and left his reporting playmates flat as last week's griddle cake.

The Babe used to count as completely as that day whose low descending sun marked, no interesting escapade, but now Babe has become as tame as a colic-up—well, it's a terrible situation for the reporters.

Flopped Every Day
Almost every afternoon, and several times in the evenings in the good old days, the Babe used to get himself punched for speed. But now the Babe, who was wont in yesteryear to whizz along at no less than 60 at crossings and 80 on the highways, poles along in his gasoline chariot at 20 or 22.

When these and me and the rest of us were younger, and Babe was curious as to what was going on at night, he would embark on nocturnal excursions that generally brought him back at dawn. And generally he came back all full of fun and frolic, cutting up diddles in the lobbies, in the hotel hallways or in the rooms of his mates.

But now the Babe, having read somewhere that "early to bed, early to rise,

Throws Newspaper Men Flat: Creates but Little Excitement Now

Great Spenders
In days ago, everytime Babe connected with \$100 he would break records in the matter of fast spending. Now whenever he gets \$100 he holds out 50 cents for chewing gum and rushes to the savings bank with the rest of it.

Once Ruth regarded horses as something that a man should bet on—in limited sums. Now they merely are beasts of burden to him.

And there were moments when Ruth flaunted red rags in the face of Ken Landis, told Miller Huggins where he could hop off, gave demonstrations that he was a tougher lad even than Jack Dempsey. For days and weeks and months and years the Babe was the "bad boy" of baseball.

Just the Opposite
But all that has been altered. Ruth has undergone a radical—astonishing change. So widely has the pendulum

Throws Newspaper Men Flat: Creates but Little Excitement Now

swung in the opposite direction that of his more youthful years, that no one would be surprised to see him enter a dugout someday with a Bible and tune up with "Dear Brethren."

Even in his baseball conduct the Babe used to do, in the way of eccentric things, unusual things, and things wholly picturesque, he no longer does. He just plays his normally brilliant game, leads the quiet, sane life of a normal citizen.

If this thing keeps up, the mention of his name in the near future perhaps will provoke the denizens of the U. S. A. to knit their brows, burrow around in their thimbles and then say finally—

"Ruth? Ruth? Name sounds kind of familiar—but—well—
"I just can't place him? Who is he—what does he do?"

PHILADELPHIA SPLIT DOUBLE-HEADER WITH YANKEES; REDS LOSING

Cubs Drop to Third Place Five Points Separate Cards from Cincy

New York, May 23.—Waiberg, Quinn and Penock and Hoyt started for mound duty in Philadelphia this afternoon when the Athletics hit the Yankees, who are making a horse race race out of the American League scramble, clash in another double-header. They divided yesterday's twin bill amid the cheers of a slowtown crowd of 42,000 and a groans of 10,000 who were unable to get into the park.

Three Yankee pitchers outlasted many Mack twirlers. In the game which Signor Antonio Lazzeri was gle-blinded by driving in six runs, the wonderful wop hit for the clinch, the nightcap and Babe Ruth's fourteen-homer, but Young Osiecki stopped the other Yankees.

George Piggas, New York, won his first game of the season. The scores were 9 to 7 and 5 to 2.

In the National League the Chicago poor road team, have lost four straight since winning 13 in a row home. The St. Louis Cardinals, having a winning streak of four games, have taken second place away from them. The Cubs were capped today by Burleigh Grimes, who hit the Cards to a 7 to 1 triumph over Cincinnati. The Reds now lead St. Louis by only five points.

Joe Petty whitewashed the Giants 3 to 0 in his first start since being suspended.

The St. Louis Browns staggered under the wire a 12 to 9 winner over the Cleveland Indians. Blue got four

SPORT'S ANNUAL LEG SHOW STARTS TODAY WITH A. A. CONTESTS

Standford With Many Stars Favored To Win Intercollegiate Meet

BY DAVID J. WALSH

Boston, May 25.—Competitive sport's annual leg show will undergo its dress rehearsal at the first day's trials of the Intercollegiate A. A. championship games this afternoon. Lee Barnes, Southern California, and Sabon, Yale, present and past holders of the world's record, will appear in the pole vault.

In addition, there is to be considered Ward Edmonds, of Stanford, who is said to be "potentially" a better vaulter than either Barnes or Carr, meaning that the only thing that prevents him from beating both is that he can't seem to vault quite high enough. It is said that he is a mere 13 feet seven inches but they say his form is perfect.

ANNUAL SERVICE TO TAKE PLACE SUNDAY

14 Local Jewish People Will
Attend Confirmation Exercises in Columbus

Fourteen members of the Jewish faith of this city will go to Columbus Sunday, to attend the annual confirmation exercises to be held there as a part of the celebration of the Feast of the Pentecost.

The confirmation will mark the entry of 14 boys and girls who have reached the age of 13. Under the laws of the Jewish Church, these boys and girls are now qualified to serve as adult members and as such, will be counted as adult members in a quorum of ten, which is necessary before prayers can be said in the church.

There will be no children from this city in the class confirmed Sunday. Two were in the class confirmed last year. Two boys, sons of Fred and Cyrus Lazarus, and nephews of R. E.

and S. G. Kimmacher of this city, will be members of the class. Members of the class will recite parts of the Book of Ruth, in keeping with the harvest festival of the ancient Jews in Palestine where the grain harvest lasted seven weeks during the spring season. This led to the feast also being called the Feast of Weeks or the Feast of the Harvest. It also commemorates the giving of the law on Mount Sinai, 50 days after the Exodus. Each member of the class will receive the blessing of the rabbi and of his or her parents.

CONTRACT AWARDED BY COMMISSIONERS

County Road Job Goes to W. C. Bailey on His Bid of \$19,472.74

W. C. Bailey, Marion contractor, was awarded the contract for building the Owens-Maple Grooved by the Board of County Commissioners when bids were opened yesterday afternoon. Bailey's bid was \$19,472.74. The estimated cost of the road was \$22,931.10.

The road will consist of three and eight-tenths miles of dry-rolled macadam in Pleasant and Richland Townships. Date for beginning the work has not been set.

Other bids submitted follow: L. D. Brady, Marion, \$19,480.83; Dunn & Rolfe, Carey, \$20,710.40; and Brady & O'Connell, Marion, \$21,017.98.

Reforms will come about without much agitation. Talk but don't prod all the time.

Larger a legislative body is, the more foolish bills it introduces. Forty or fifty men is enough.

Always Fresh!

It's fresh—temptingly, deliciously fresh—that loaf of HOLSUM the grocery boy brings you today. And it's the same every day—just a few hours from the ovens when you receive it.

It's clean too. The dust-proof waxed wrapper that seals in its warmth and goodness symbolizes the care we take throughout the baking process that HOLSUM may always be as clean and wholesome as its name.

Into this tasty loaf go a wealth of choice ingredients—pure milk, short patent flour, finest shortening—these and other richly nutritious foods make HOLSUM a loaf of real nourishment. It's good for everybody.

Old Time Route Followed by 3,205-Mile Highway

Washington, May 25.—Westward, in the path of empire, along routes traversed by the pioneers of America from the Atlantic to the Golden Gate, an old time route, the longest stretch of practically straight road in the country, United States Route 40, crosses 14 States, and offers to the transcontinental motor tourist a panorama of the mid section of the country that epitomizes the westward expansion of the nation from Colonial days to the present.

Details about this route have just been issued by the Bureau of Public Roads of the Department of Agriculture. From its eastern terminus at Atlantic City this highway follows for 3,205 miles the same course or one closely parallel to that of the earliest settlers of the Ohio, Mississippi and Missouri valleys. It touches on the two great gold fields of California and Colorado which accelerated so greatly the settlement of the western half of the continent. It traverses also the Mormon settlement in Utah, the great pioneer agricultural experiment sponsored by Brigham Young.

From Wilmington, Del., to St. Mary's, Kansas, the highway is paved for the full distance, 1,234 miles. From Salt Lake City to San Francisco—800 miles—it is surfaced. Less than 14 per cent of its length is unpaved. This road, designated United States route 40 by State and Federal highway officials, runs a central course through the country. East of the Rockies and in the Sierras it has not proved feasible to keep the road open in the winter and the route is not to be depended on from October 15 to April or May.

Federal aid has played a large part in the improvement of this road. The United States government has contributed nearly \$18,000,000 to its improvement. Federal aid projects on this route include 700 miles of pavement, 725 miles of surfaced roads, 132 miles of graded road, and more than four miles of bridges. Although not

yet completed the highway is everywhere in passable condition except when blocked by snows in the mountains.

You'll Like Sugardale Bacon

Because it fries so crispy and sweet

SUGARDALE BACON is Cured dry.

That's what makes it so different—so much sweeter and tastier—than ordinary bacon.

That's why it fries to a crispy golden brown without the annoying sputtering and spattering of wet-cured bacon.

Start tomorrow with a breakfast of this really better bacon. You'll find it on sale in all Sugardale stores as this week's Sugardale Special.

And don't forget that bacon is much more than just a breakfast delicacy. For example, the next time you have some mashed potatoes on hand, try this:

Drop one egg into the potatoes. While mixing in the egg add a dash of paprika and just enough flour so that the potatoes can be rolled into small balls or cakes. Then wrap with a strip of Sugardale bacon, securing it with a toothpick. Broil until the bacon is browned and crisp.

There's A Flavor and Zest in Sugardale Meats

unlike anything you ever tasted. They are wrapped, for cleanliness, and many are cooked for you, ready to serve—

Sliced Bacon	Meat Loaf
Ham	Ham Loaf
Baked Ham	Goose Liver Style Sausage
Boiled Ham	Chicken Liver Style Sausage
Hamover Ham	Liver Sausage
Wienners	Fresh Sausage
Bologna	Smoked Sausage
Mixed Ham	Dried Beef
Sugardale	Window Style Ham
Liver Special	
Pressed Ham	
Nippy Loaf	

Any of these meats can be purchased at Sugardale stores. One of these dealers is in your neighborhood. Make it a habit to buy your meats there. You'll enjoy their freshness and pure goodness.

be Careful

When buying iodized salt

Iodized salt can do more harm than good if not properly mixed. Made by one of America's oldest and most reliable salt makers, each package of Morton's Iodized Salt contains just enough tasteless iodine to prevent goiter... but not enough to upset the most delicate system. Buy it and be safe!

VOICES HOPE BILL WILL GO OVER VETO

Truax Tells of Need for Passing of Farm Relief Measure

Celina, May 25—Hope that the McNary-Haugen farm relief bill can be passed over the veto of President Calvin Coolidge was voiced today by Charles V. Truax, state director of agriculture.

Unless a farm relief bill embodying the fundamental principles of the McNary-Haugen plan, including the equalization fee, soon becomes a law in this country, agriculture is doomed and our farmers, instead of being the leaders of independent families and producers of the large part of the brains and accomplishments of the country, will be back-bent serfs—exactly what their ancestors were before they left

the shores of Europe 100 years ago and sought America as the land of freedom and opportunity," said Truax.

"The veto of the McNary-Haugen bill is but another proof of the unalterable opposition of the industrial east to farm relief, and their determination to crush the American farmer on a cross of cheap food for the industrial workers in the east," declared Truax, addressing a joint meeting of members of the Celina and Greenville Kwanan Clubs here last night.

"Every argument need in the face of such a veto message can be replied with equal force to the tariff, transportation legislation, to gigantic trusts and monopolies, and all other forms of privilege and protection for favored groups and classes that have prospered under the Coolidge administration," Truax continued.

While you are wondering what you will have for a Sunday dinner, let us offer a few suggestions.

A nice Beef roast or a half a ham,
A roast of Veal or a Leg o' Lamb
A Chicken to fry or one to roast,
These are the things you'll need the most,
So just come in when you're up town,
We have seven clerks to show you around.

In Luncheon Meats We Have—

Baked Ham	Head Cheese
Boiled Ham	Corned Beef
Mixed Ham	Hologna
Pressed Ham	Pudding
Ham Loaf	Goose Liver
Veal Loaf	Wieners & Knockers

We make our own Ham Loaf and Veal Loaf and bake our own hams.
We close at 10:00 o'clock, Wednesday, May 26th, Memorial Day.

BEAUTY & BARBER

About Permanent Waving
 When getting a permanent wave do not make the mistake that others have by thinking that it is the name of a machine that makes a permanent wave or failure. The kind of wave you get depends entirely upon the operator, kind of supplies used, blocking of hair and timing.
 Our machine is equipped with a first class steam gauge, which entirely eliminates all guesswork. It controls the reaction of the hair to electric current. It has been proven that hair will steam anywhere from three to seven minutes and one minute too much or not enough will ruin the permanent wave. No matter what condition the hair is in, with a steam gauge in use, we can offer every protection in this operation.
 We GUARANTEE our permanent waves and invite you to consult with us first. We will not accept persons for permanent waves whose hair has been abused.

Undergone Operation—Elinor Smith, W. Georgetown, underwent an operation for acute appendicitis early this morning at City Hospital, where he was removed in the W. C. Boyd invalid car.

Operation at Hospital—Miss Maxine Draper, daughter of Mr. and Mrs. H. M. Draper of Perryville, underwent an operation for acute appendicitis yesterday afternoon at City Hospital.

Smoke, No Fire—Firemen from the central station answered a call from 8. Minut last night when smoke was discovered pouring from the radiator of a truck belonging to the American Tobacco Co. The motor had been left running by the driver and the heat caused grease on the engine to give off smoke.

Permits Issued—Building permits were issued from the office of the city clerk yesterday to Daniel Trimmer, Columbus, for the remodeling of a dwelling at 601 Silver at a cost of \$300; and to John Kerr, 192 Baltimore, for a garage to cost \$125.

Theft Reported—Theft of a seven-passenger Buick from a street in Kenton was reported to the local police by the Kenton department at 3:35 this morning. The car was described as being a 1928 model, carrying Ohio license A29581, motor No. 2075983 and factory No. 1665548.

Condition Improved—The condition of Mrs. I. O. Davis, Unemployment, who underwent an operation at City Hospital Wednesday morning for tumor, is reported improving.

Be sure a university will expand. So give it plenty of elbow room to start with.

WOMAN'S STATEMENT TO BE USED IN TRIAL

Bones of Body Glisten in Dark When Autopsy is Performed

Orange, N. J., May 25—The pre-death statement of Miss Eleanor Eckert of Essex Falls will be used as new evidence by the five girls who it is claimed are doomed to an early death as a result of radium poisoning, in their suit against the United States Radium Corporation for \$1,250,000. It was reported today.

Miss Eckert who died last December, four days after making her statement, worked at the same plant where the five plaintiffs contracted their time-consuming ailment. She was 34 at the time of her death, good looking and a chum of the girls now confronted with the same tragic end.

An autopsy upon her body showed that she was so full of radium that her bones fairly glistened in the dark. She died in the Orthopedic Hospital here where other girls are under treatment at the present time for radium poisoning.

In her statement Miss Eckert said that she was employed at the United States Radium Corporation plant from 1916 to 1927, painting clock, watch dials, etc., and that in September a fall caused the scraping of a hose which resulted in the radium activities in her system.

The girl's statement was corroborated by doctors who pointed out that the radium poisoning in the girls' system only reached a climax with the fall. Monday the case of one of the five girls, Grace Fryer, will be brought to trial.

Miss Fryer has offered her body to science after death. Her physicians said her days are numbered.

Life grows blue when one is convinced that he is not necessary to the happiness of anyone.

Oakland Theater, With Remodeling Complete, To Be Reopened Next Week

New Management Plans To Make House One of City's Most Popular Amusement Centers; Japanese Tea-Room Added Feature: First Run Pictures Booked

Following completion of extensive remodeling work and installation of new equipment and furnishings throughout, the Oakland Theater will be reopened Monday night, launching an entertainment program intended to make this playhouse one of Marion's most popular amusement attractions.

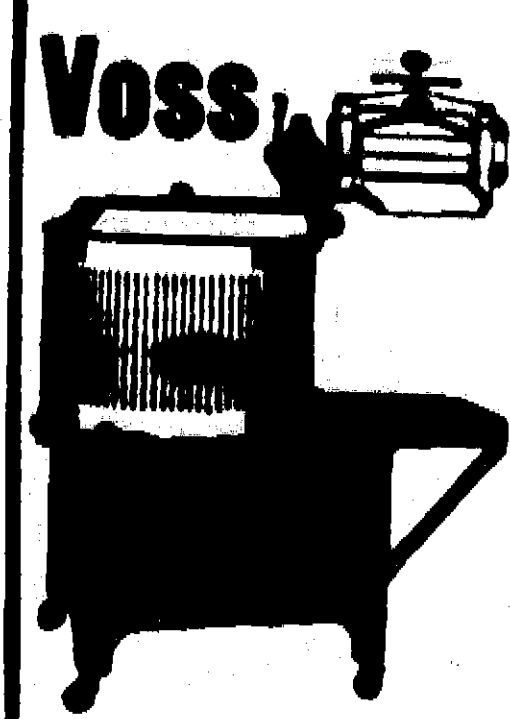

It is virtually a new theater which will be presented by the present owner, Reuben Maxson of Celina, who has leased the property for 10 years and who announces that he expects to provide patrons with the best entertainment available in the motion picture field.

A Japanese tea-room to be run in connection with the theater is an added feature expected to attract visitors from all sections of the city.

Decorative Features Included
The tea-room now being fitted up for opening shortly after the theater is in operation, is located on Davidson near the theater entrance. Floor space for dancing will be provided, with or without orchestra.

phonetic music furnished by the management.

The theater and tea-room the management predicts will provide an amusement center certain to attract patronage from all parts of Marion.

Mr. Maxson, the new proprietor of the Oakland has had years of successful experience in the motion picture business and now operates three theaters at Celina.

He has appointed John J. Hubner of Cincinnati to manage the Oakland. Mr. Hubner, who has had charge of theaters in Cincinnati for 17 years, has been here several days planning for the Oakland opening.

Improvements made at the theater include redecorating and renovation throughout and installation of new lights.

New upholstered seats are to be installed with exception of the first four rows. The house has a seating capacity of 400.

New Projection Machines
Two new projection machines of the latest type are now in place, assuring absolute efficiency in showing of pictures. A silver screen, another improved feature, will add further to the guarantee of perfect picture presentation.

Decorations of oriental design are to ornament the stage.

A Kugel organ is to replace the one which has been in use in the past. Miss Dorothy Wilson of Columbus, who has been employed as official pianist at radio station WAIL, will be the Oakland Theater organist.

The new organ will not be in place for about two weeks and in the meantime music for the Oakland shows is to be furnished by an orchestra of five, which operates under the Vitaphone equipment used in many of the larger theaters.

The feature picture for the opening will be "The Gauchon" with Douglas Fairbanks in the leading role. It will be the first showing in Marion of this picture, which is classed as one of the best of the year. It is booked for seven weeks at the Oakland, beginning Monday.

In addition the program will include a news reel and comedy.

All First Runs
The plan is to show only first run pictures at the Oakland in the future, the new management announces. For the second week the feature picture will be Charlie Chaplin in "The Circus" and offerings for succeeding weeks will be of the same class, it is announced.

The regular schedule is to be two shows each night at 7 o'clock and 9:15. The doors will open at 6 o'clock.

For the first two weeks admission prices will be 15 and 25 cents. The regular seats after that, with exception of times when unusually expensive attractions are presented, will be 10 and 25 cents.

The theater's corps of ushers will be girls attired in neat and attractive uniforms, known in theater parlance as "usherettes."

WINS LIPSTICK CASE
Lipstick cases are the proper thing for a working girl on a small salary, even if girl and lipstick do leave marks on office curtains. So declared a labor court in Berlin, Germany, recently. Franklin Buhl, a stenographer with a face like a doll's, claimed a month's wages in lieu of notice. Her former employer said she used the lipstick cases to wipe her face.

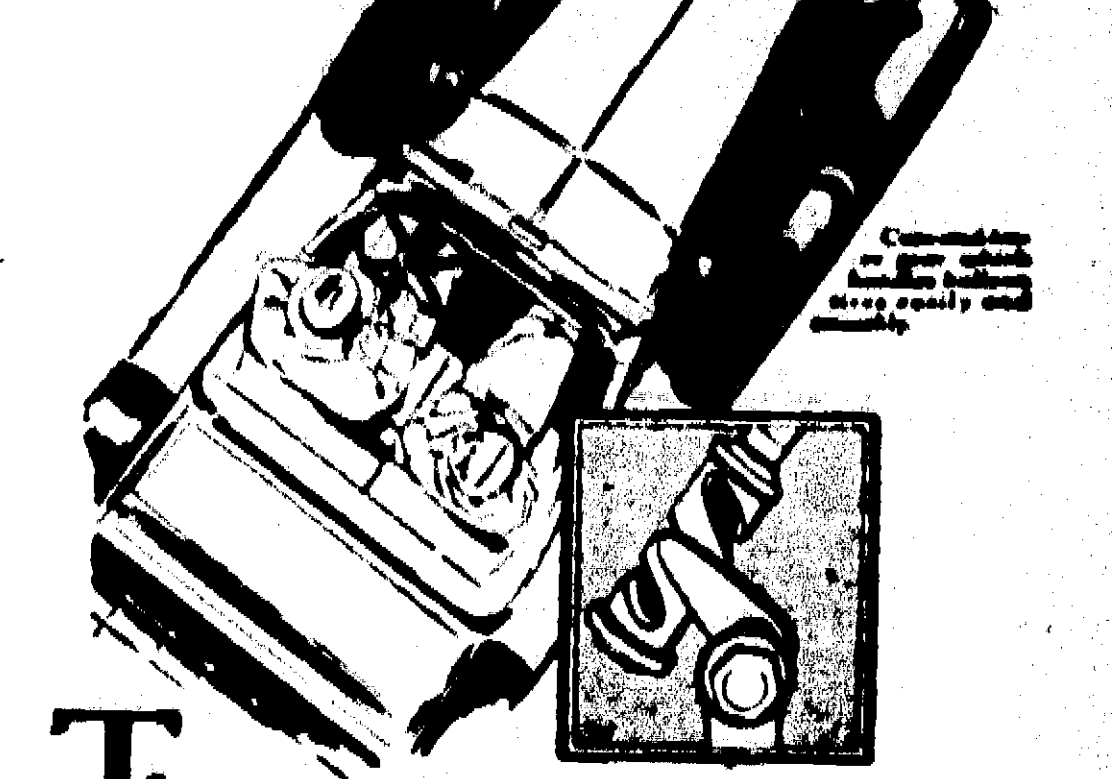

laine instead of a pocket handkerchief when perfecting a lipstick curve to her lips, thereby jeopardizing the reputation of himself and his firm, so he discharged her and refused to pay anything but the money due for work done.

Francine Buhl pleaded her own case, saying her wages were so low she could not afford certain-proof or time-proof lipstick, or even pocket handkerchiefs. The court ordered the employer to pay her the month's salary.

A huge parachute with which it was equipped brought an aeroplane safely to the ground when the engine was stopped at an elevation of 2,000 feet in California, one day this week, but after all it doesn't matter greatly whether one is killed by a fall or dies from heart disease on the way down.

Even though it be a mistake of the type and forty tanks instead of forty tons is the amount, isn't the importation of the gas a menace? If so small an amount as escaped in Hamburg can cause the awful casualties it did there, what would be the effect should a large volume of the gas get away?

The Bus Franchise.

This newspaper leans to the view that the action of the city council in granting a bus franchise to Maag Brothers will prove very generally satisfactory throughout the city. There are some who will feel regret that the street car service is not to be continued. There are always those who feel regret when change of any kind is made in the established order of things, but in this case they should be few, for all must realize that the change is almost inevitably due to result in improved service. Having decided not to seek a renewal of its franchise for the running of city cars, the Electric company permitted its tracks other than those over which interurban cars are run to fall into a state of disrepair. The east center street line is particularly bad, about as bad, in fact, as was the State street line, which, until recently, was often referred to as the "Gorge" route owing to its movement below the street level.

The new service will offer patrons up-to-date busses, and be so equipped as to have a number on hand for emergency purposes. The routes laid out apparently are very good ones. They cover far more territory than the present street railway service and should prove far more convenient to the majority of persons. It should prove a pleasure to ride in the busses, whereas it has been something of a punishment to ride in the street cars off the routes of the interurbans. The price will be decidedly higher to the purchaser of a single ticket, ten cents where it is now six, but seven tickets may be purchased for half a dollar, for which ten are now sold, fifteen may be purchased for a dollar and fifty for three dollars, or six cents each, which is the present charge for a single fare. In any event, we believe that time will satisfy citizens that the improved service will be worth the extra cost.

It has no happened that we have been in exceptionally good position to watch the operation of the Maag bus lines, and we have been highly pleased with the manner in which they have operated their services and maintained their schedules. We believe that patrons of their city service will find it equally as good as the service on the interurban lines they now operate, and if this comes to pass, as we anticipate, the franchise should prove profitable to them and satisfactory in a high degree to the city.

Legal View of Farm Relief Bill.

In vetoing the McNary-Haugen farm relief bill, President Coolidge summarized under six headings what he considered its major weaknesses and perils. It seems that he was influenced to the use of his veto power also by the report of Attorney General Sargent, holding that the bill was unconstitutional, which report the president sent back to congress with his veto message.

The bill, if enacted into law, the attorney general held, would have been unconstitutional in four respects, "in that legislation having for its main purpose the control of the price of food in the interest of the producer is not authorized by the constitution; in that if congress possessed the power to do the things attempted by this act it could not delegate it, as it is legislative in character; in that it vests in those not officers or agents of the United States the power and duty of participating in appointments to all places in the service of the United States; in that it contravenes the provisions of the constitution against the taking of property without due process of law."

The attorney general holds that the commerce clause does not give the government authority to manipulate a market in goods flowing in interstate commerce for the purpose of raising the prices between the producers and consumers. The various tariff provisions, he says, raise prices only incidentally to their main purpose, while this would be the fundamental object of the proposed farm-relief legislation. He also holds that the power of the board which would be created under the bill to control the price would be absolute and its discretion unlimited, which would constitute a legislative function which can not be delegated to congress.

The equalization fee provision, the attorney general holds, is so closely akin to taxation that it can not be sustained under the constitution. Members of the advisory council, he says, would actually be officers of the federal government, but their appointment, for all practical purposes, would be in the hands of the cooperative agencies in no way connected with the government.

"I am unable," the opinion continues, "to find any constitutional authority for vesting the appointment of inferior officers of the United States by the congress in any one, outside of the president, with or without the advice of the senate, the courts of law and the heads of departments."

We do not profess to be versed in constitutional law or able to construe it in its niceties, but such is the opinion given official expression by the authority selected by one versed in law to serve as his legal adviser in governmental affairs. It is easy of belief that the expressed views of the attorney general as to its unconstitutionality had great weight with the president in arriving at his decision to disapprove the bill.

Prohibition agents raided a Cicerio brewery with a daily capacity of 200 barrels, and confiscated 60,000 gallons of beer. We are beginning to suspect that not all the citizenship of Cicerio is wholly law-abiding.

The New Merchant Marine Law.

The president having signed the Jones-White merchant marine bill, thus making it a law, a real development of our merchant marine may be anticipated, not a development in the number of vessels—we have far too many now, such as they are—but rather a development in quality of service.

Star readers should be familiar with the provisions of the law for they have been twice presented in our columns during the present week, but, proceeding on the theory that they may have been overlooked, we repeat them. Told in short form, the bill authorizes a big replacement program for the government merchant marine, requires sanction of but five of the seven members of the Shipping board for the sale of vessels to private operators, doubles the existing \$125,000,000 construction fund of the board and liberalizes the ocean mail contract system.

The trouble with our government merchant marine has been that the Shipping board has not had sufficiently advantageous offers to justify the sale of the vessels now being operated by the government or had authority to make loans and offer terms which would call out advantageous offers, nor has it had authority to make such replacements and improvements as would put it on a par in the matter of service with the merchant marines of other nations.

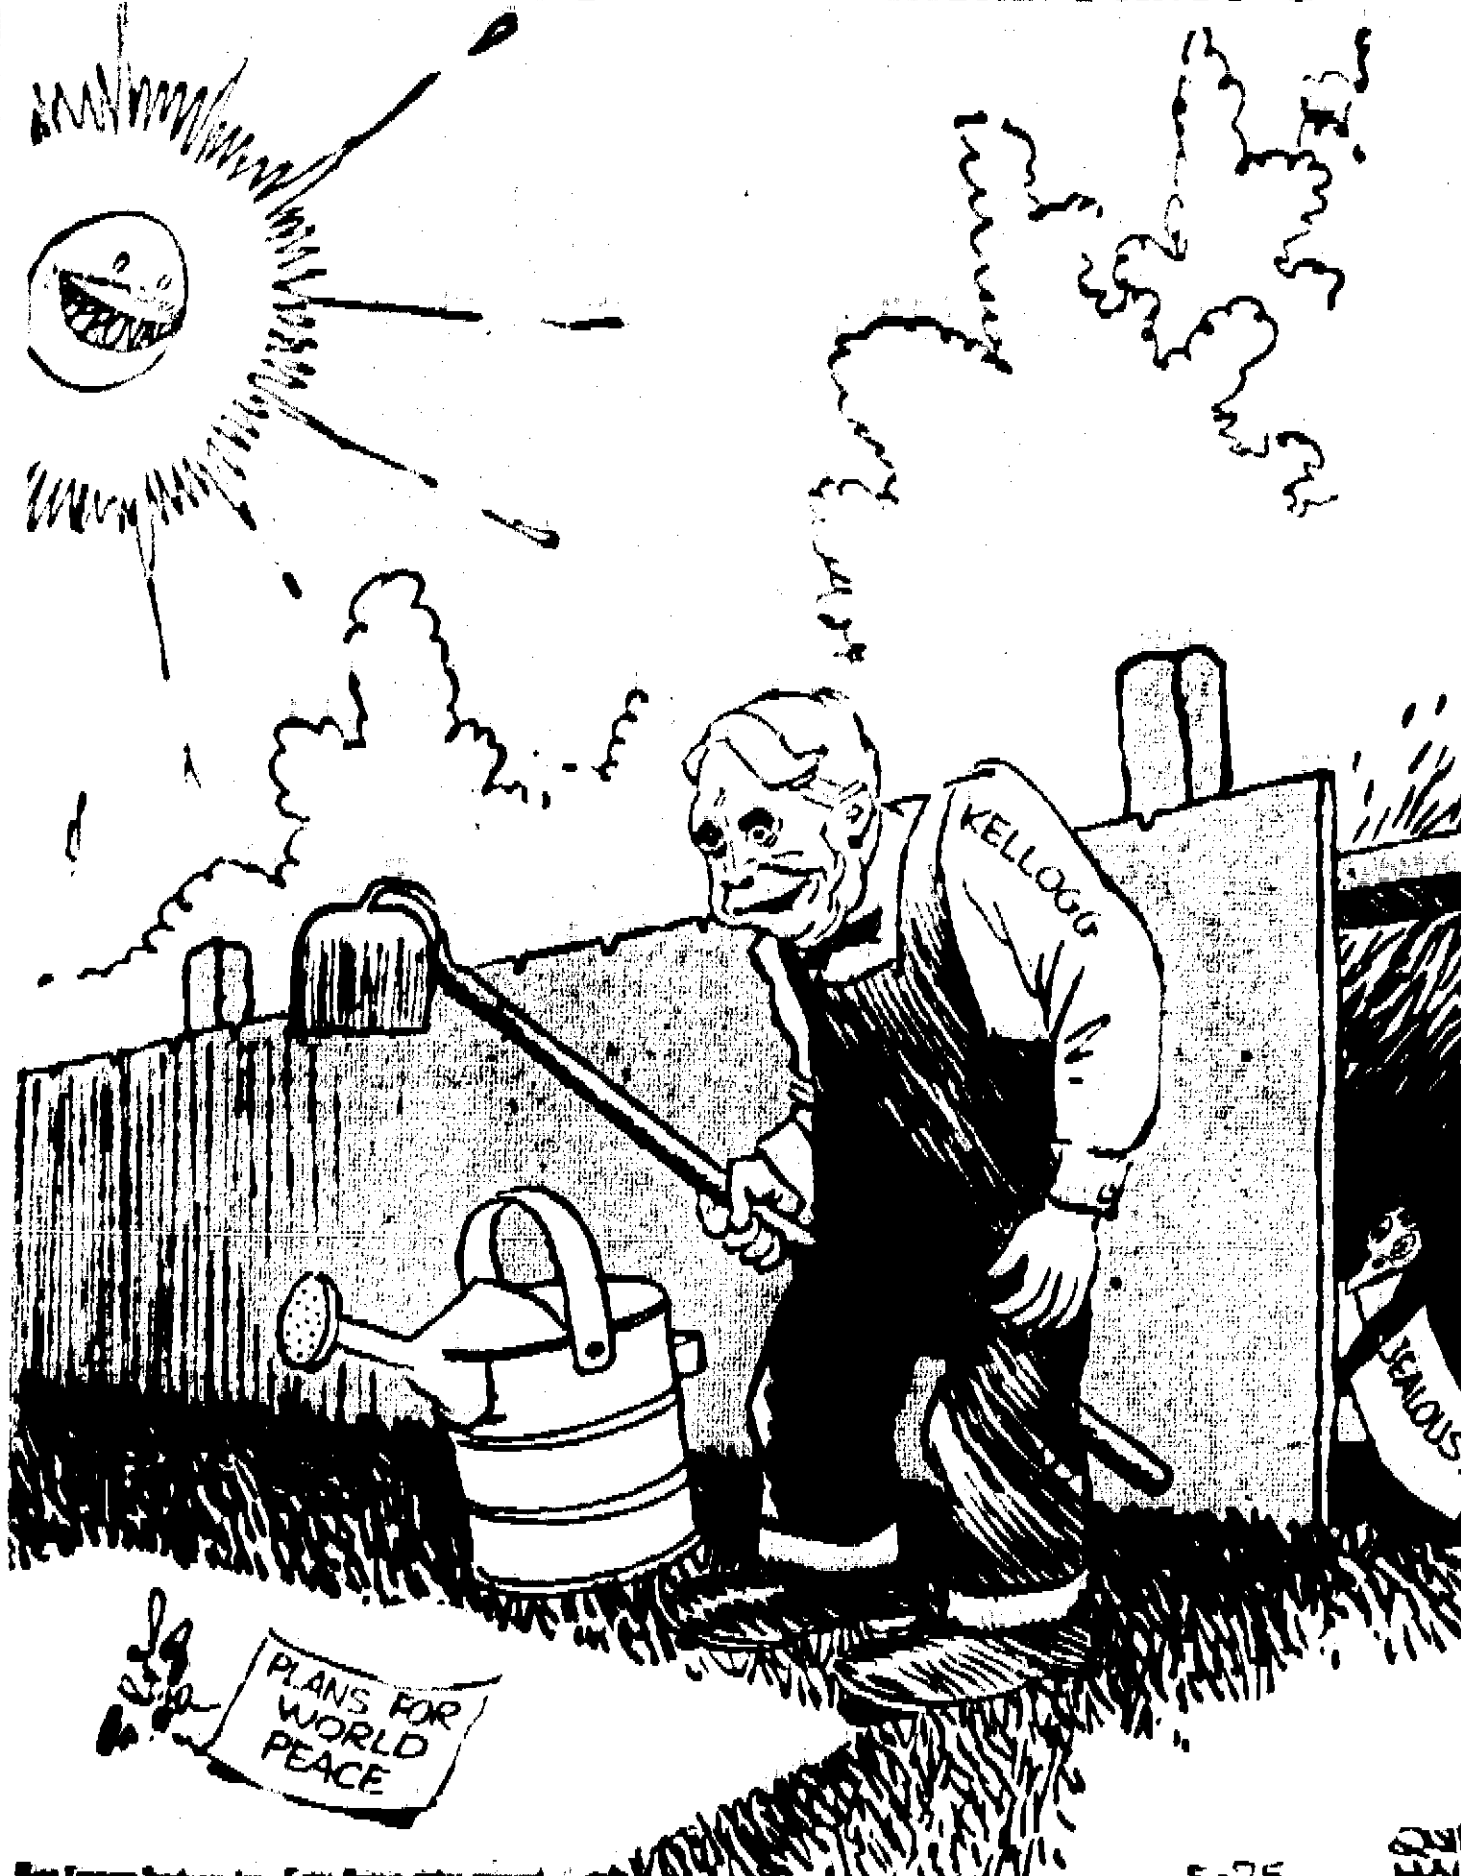

The newly-enacted law will enable the Shipping board either to develop it under government operation and make it a marine commensurate with our standing as a world power or offer such terms for private operation as to make it desirable for purchase and development. For years it has suffered from this handicap which has just been removed by legislative action with executive approval. The chief handicap which yet remains is the uncertainty of occupation of those engaged in the operation of the services, both those engaged ashore as well as those afloat. This uncertainty is bound to obtain until it is definitely determined whether our government merchant marine is to remain such, or sold and turned over to private operation under the American flag. The new law should work to the hastening of the determination of this question.

A Chicago man has failed with liabilities of \$1,281,837 and assets of \$752. At this distance it looks as though a man would have to be a positive genius to fail like that.

A recently-completed survey shows that there are 214,000 farms in Iowa and 217,550 passenger automobiles registered as the property of rural residents of the date of January 1, 1928, which leaves one up a stump to decide whether this shows that Iowa doesn't need farm relief or why it does.

Tipped off that a lot of "stuff" was being brought in for the convention, dry-enforcement officials raided two boats down in Houston and secured rum, whisky, beer and wine valued at \$75,000. They should have a heart! How can they expect our Democratic friends to launch a wet candidate without any moisture thereabout?

May Mean Colic.

BY ROYAL S. COPELAND, M. D.

Many a young mother has been frightened nearly to death when her baby, without the slightest warning, has let out a shriek loud enough to raise the dead. What is it?

This is a symptom of colic. Crying in children is usually due to colic. The child may seem perfectly well and go to sleep as usual. Suddenly he starts from his sleep and utters his cry. The legs are drawn up or moved about in efforts to get relief from the pain.

There are many causes for colic. Wrong feeding is the most common one. Undigested food in the intestinal tract may produce the trouble.

Generally there is constipation, with intestinal fermentation as a result, thus formation follows. Colic is the natural consequence.

Too much candy, too much sugar—these are common causes. Over-feeding and irregular feeding are other important factors. Hasty drinking of the milk or bolting the other food may be followed by these unpleasant symptoms.

While we are speaking particularly of colic in children, the same cause will produce colic in grown people. But today we are thinking particularly of the youngsters.

The sudden cry of the child is not always due to colic. It may come from cramps and the possibility of an trouble must never be overlooked. Too often it is misinterpreted.

Frequent attacks of colic demand correction of the feeding. The first thing to do is select the right food, to prepare the milk properly, and to give the food at regular times.

The constipation should be overcome by right feeding and at the time of the acute attack the bowels must be emptied at once. An enema of hot water and soap will speedily stop the cutting pains of colic. One or two pints of water will be effective.

Hot water compresses to the stomach or the use of the hot water bag will promote the comfort. Heat is of great value.

I am sorry to say that paregoric is given by mothers to relieve the colic of the baby. Under no circumstances should paregoric or any other opium product be given by a layman. It is rare for the modern doctor to resort to opiates, but if they are ever justified, they must not be given without the personal direction of the family doctor. Sometimes rhubarb and soda, or milk of magnesia, or a little baking soda in water, may be given. But it is better to employ the enema and hot applications and call the doctor if relief is not obtained quickly.

ANSWERS TO HEALTH QUESTIONS.

J. W. Q.—What is the cause of excess perspiration under the arms? What is a remedy?

A.—What I do to get rid of superfluous hair?

A.—For full particulars send a self-addressed, stamped envelope.

2.—Superfluous hair may be removed by the use of the electric needle. The work must be done by an expert skilled in this particular line. For full information send a self-addressed, stamped envelope and repeat your question.

W. P. Q.—Could lack of sleep be responsible for loss of weight?

A.—When does the period of physical growth normally cease?

3.—What can be done for dandruff?

4.—What will help oily skin and enlarged pores?

A.—Yes.

2.—At the age of twenty-one.

3.—Shampoo the hair frequently and use a good tonic. Send self-addressed, stamped envelope for further particulars and repeat your question.

4.—Can hot and cold showers alternately for fifteen minutes night and morning. This will help to close the pores.

Y. A. Q.—What do you advise for a boy seventeen years of age who is lean and lanky?

A.—If he is underweight he should eat plenty of good, nourishing food, including milk, eggs, fresh fruits and vegetables. Exercise daily in the open air and practice deep breathing.

S. R. Q.—What is African sleeping sickness? Is there a cure? What is it caused by? Is it fatal, what are the symptoms, etc? I am interested because one of my family dropped suddenly on the street from what is said to be that trouble—it is now the sixth month.

A.—There are volumes written on this disease. Apply at any public library, medical department, where you will be able to read up on the subject. It is known as encephalitis lethargica.

M. M. G. Q.—What causes a sharp stinging pain in the heel?

A.—This may be due to neuralgia or possibly flat feet. An examination is necessary to determine the exact cause.—Copyright, 1928, Newspaper Feature Service, Inc.

Dr. Copeland will answer for readers of this paper questions on medicinal, hygienic and sanitation subjects that are of general interest. Where the subject of a letter is such that it can not be published in this column, Dr. Copeland will, when the question is a proper one, write you personally if a self-addressed, stamped envelope is enclosed. Address all inquiries to Dr. Royal S. Copeland, in care of this paper.

The Way of the World.

BY GROVE PATTERSON.

Too many public speakers fail to be effective because they do not give their audience credit for a reasonable amount of intelligence. They "talk down" to their hearers. In the beginning of the speech such speakers flatter their audience by making silly remarks about how happy they are to face such a good-looking lot of people, or they bore their hearers by telling them foolish stories that have no bearing on the main address. To assume that your hearers are intelligent people and to talk directly to them in a simple and natural manner is the best way to engage and hold their attention.

Kinsley, secretary of the Philadelphia Welfare Federation, told the kind of welfare man who can see over the top of his head. He has real vision when he calls on social workers to end the necessity for their own jobs. Find the causes of poverty in his plea.

We have developed all sorts of welfare machinery for taking care of people, but we haven't found out enough about what is really the matter with them. Some poverty is merely the result of feeble-mindedness. There is much poverty, however, that is the result of changeable and curable causes.

There is such a thing as paternalism in medical practice, which in the long run is not good for the people or for the science of medicine. There is getting to be so much public health service in connection with schools, civic bureaus, and institutions of one kind and another that there is danger the initiative of physicians will be eventually be lowered. It is not good for people to have too much done for them for nothing. The idea of socialism in this country is pretty nearly dead. Let it remain so.

From many quarters comes condemnation of "medical advertising" in the newspapers. Newspapers are accused of lacking proper moral principles if they print advertisements of medicine. What is needed, it would seem, is analysis and discrimination. Surely a medicine or a kind of medical treatment is not bad merely because it is advertised. Some may be good and some bad. Surely ethical newspapers will want to repress advertisements of products which harm or even threaten the lives of readers. No decent newspaper will knowingly accept advertisements of products that come under that classification. Neither ought a newspaper be expected to carry no medical advertising.

Editorial Opinion.

LEADING STRINGS FOR STATES.

It is a rare session of congress that does not find in its hopper one or two measures designed to utilize the federal government's control of interstate commerce to coerce the states either into or out of activities over which the constitution gives to congress no jurisdiction.

A typical example has been the Hawes-Cooper bill, introduced at the present session. This measure is designed to prohibit the shipment of prison-made goods from one state into another state.

Under the constitution, congress has no authority to tell the states that they must not employ prisoners in the production of commodities. Obviously, all such matters are the business of the states themselves, with each settling the question in its own way.

But a long time ago congressmen learned the trick of riding their interstate-commerce power around Robin Hood's barn, in order to do constitutionally things that the constitution itself intends shall not be done.

The question of whether the states shall put inmates of their penal institutions into competition with free labor, is, of course, an important one. But the fields where it should properly be fought out lie in the halls of forty-eight state legislatures. And not in the halls of congress.

The wisdom of wisdom of such employment is not germane to the present discussion, which concerns the far more important question of whether congress shall go ahead usurping the powers of states in plain defiance of the spirit of the constitution.

Labor organizations favor a move to bar prison products out of interstate commerce. But labor organizations would scream to high heaven—and rightly—should the constitution was being scrapped outright, should some future "open shop" congress consider a bill designed to bar union-made products out of interstate commerce.

Let's settle within the states the things that are the business of the states and settle in congress the things that are the business of the nation. If prisoners should not produce commodities, let the states rule against it. But don't invite congress to establish a long-distance guardianship.—Minneapolis Journal.

Cutting Light.

BY GARRETT P. SERVING.

"According to astronomy it takes years and years for light to reach the earth from the stars. You even tell us that some of the stars whose light we see now may have been dead for years. Now, if it takes that amount of time for light to travel, did the eclipse we had lately really occur at the moment we were gazing at it or were we simply watching something that had occurred years before?"—W. W. Fire Department, New York City.

The eclipse actually began about one and a quarter seconds before its beginning was visible from the earth, for that is the time it would take light to pass from the moon to the earth. In an eclipse of either the sun or the moon the light is cut off at the distance of the moon from the earth, the phenomenon is concerned only with the time taken by light to traverse that distance.

Until the eclipse cuts it off there is a continuous series or chain of light waves extending from their source to the observer. If it is a solar eclipse, then before the moon's body is interposed the waves extend direct from the sun to the earth. The moon, like a screen, cuts them off, but the light does not disappear from the observer's vision until the last wave in that section of the series, which was already in the space between the moon and the earth at the moment when the chain was cut, has had time to reach the observer's eye.

If the moon, instead of being comparatively quite near the earth, were at the same distance as the sun, then the eclipse would occur 599 seconds before it would be visible from the earth, because it takes light 500 seconds to come from the sun to the earth. Light travels about 5,550,000,000 miles in a year. So, if a star at that distance were suddenly extinguished we should continue to see its light for a whole year longer, because it would require that length of time for the last wave in the chain to reach the earth. That particular measure of distance is called a light-year.

Since many appear to have difficulty in understanding this subject I will try another method of illustrating it. Suppose you are standing on the shore of a small placid lake, and some one, unseen by you, throws a stone into the still water. A series of waves will immediately be created radiating from the place of disturbance, and these waves will extend across the lake, finally arriving at the shore where you stand, and making you aware of what has been done on the other shore by breaking on the sandy beach. Now, if the waves travel, say ten feet per second, and the distance across from shore to shore is 2,000 feet, you will not know anything about the throwing in of the stone until 200 seconds after it occurred. Thus the act that sets the waves in motion will have ceased long before the message sent by that act has reached your field of vision.

To vary this again, suppose that it is sound waves instead of water waves with which we deal. Let there be a man shouting on the opposite side of the lake. You can not hear his shout until the sound waves conveying it have crossed the lake to your ears. Sound travels about 1,100 feet in a second. Light travels about 186,000 miles in a second; from our point of view that is about the only essential difference between them. The cause of the sound ceases, but the air waves still bear on its effects to distant ears. The star is blotted out of existence, but the light-waves that left it before its extinction continue onward through the ether, imperishable we may say, and so the star shines after its death.

"So shines a good deed in a naughty world."

THREE-STOP FLIGHT TO AUSTRALIA PLAN

Aviators Groom Giant Monoplane for Transpacific Trip to Brisbane

Long Beach, Cal., May 25—The giant monoplane, undergoing last-minute preparations for its flight today to Oahu, will be groomed for a three-stop air journey to Brisbane, Australia.

The craft will be piloted on its transpacific flight by Capt. Kingsford-Smith, Australian, and Capt. T. D. Ullm, also an Australian aviator, will act as co-pilot, according to an announcement made today. Two Americans, Capt. Harry W. Johnson, and James Warner, will accompany the Australians as navigator and radio operators respectively, Capt. Kingsford-Smith stated.

It is planned to take off on the long flight next Thursday from the Long Beach airport. The first stop, according to Capt. Kingsford-Smith, will be Honolulu; the second, Kauai Island; the Hawaiian group; the third, New Zealand; and the destination, Brisbane, Australia.

RELAX FILIBUSTER TO ADOPT REPORT

Senate Adopts Conference Action on \$100,000,000 Muscle Shoals Project

Continued from Page One
At 10 o'clock yesterday morning. After several hours of over-riding presidential vetoes, the Senate began debate on the Muscle Shoals conference report. Senator McKellar, Democrat of Tennessee, immediately opened an attack on it. Others joined him. During the night session, Senators Bruce, Democrat of Maryland, Sackett, Republican of Kentucky, Tydings, Democrat of Maryland, and Blease, Democrat of South Carolina, held the floor. Tydings spoke for over three hours while Blease held the floor from 1:30 o'clock this morning to 4 o'clock.

Send Out for More
Shortly after 4 o'clock it developed that but 30 senators were in the chamber or its cloakrooms, instead of the 48 required for the transaction of all official business. Many of those in attendance were stretched out on couches and lounges, snatching naps. There were but a handful of friends and foes of the bill on the floor, the fight against the filibuster being led by Senators Curtis, Republican of Kansas, Norris, Republican of Nebraska, Johnson, Republican of California, and La Follette, Republican of Wisconsin. On a motion by Norris, the Senate ordered its sergeant-at-arms to sequester the Capitol for missing senators. A battery of his assistants immediately set out to "arrest" senators and bring them to the Capitol. In the meantime, a handful of the leaders dozed in their chairs on the floor of the Senate in silence.

The search netted Senators Thomas, Democrat of Oklahoma, Smart, Republican of Utah, Green, Republican of Vermont, Sackett, Republican of Kentucky, who had gone home after speaking, and Waterman, Republican of Colorado. At 7 o'clock, four more senators were needed before the Senate could resume its functions.

The fight against the Muscle Shoals bill really masked the filibuster against the Boulder Dam Bill. McKellar, in attacking the conference report, voiced objection only to a provision, calling for the creation of a \$27,500,000 dam at Cove Creek, Tenn., a hundred miles above Muscle Shoals on the Tennessee River.

RECEIVE LETTERS

Authorities Start New Search for Missing Girl

Youngstown, May 25—Authorities have started on a new search, it was learned today, for 10-year-old Beatrice Rosenbaum, missing from her home 11 days, following a receipt of two letters by Mr. and Mrs. Max B. Rosenbaum, the child's parents.

One letter advised the parents to see some man at Willard, O., police declared.

The other letter postmarked Litchfield, Medina County, read: "Sir:—Keep on. You are doing good. You will never find her alive." (Signed) "Yours Slim."

A crude skull and cross bones were drawn at the bottom of the message.

ROBERT SMILEY INURED WHEN STRUCK BY CAR

Mt. Victory Child Sustains Broken Leg and Possible Internal Injuries

REMOVED TO HOSPITAL

Preston Lingrel, Byhalia Contractor, Is Driver of Car

Mt. Victory, May 25—Robert Smiley, nine-year-old son of Mr. and Mrs. William Smiley of this place, sustained a broken right leg and possible internal injuries when he was run down by an automobile driven by Preston Lingrel, road contractor, of Byhalia, about 8 o'clock last night. The child also had four teeth knocked out and received a severe cut in the back of his head.

The accident happened in front of the Frank Cronley restaurant, on S. Main street, where the child was playing with a group of companions. Dr. Fred Monch of Kenton, who happened to be in the vicinity when the accident happened, rendered first aid to the child, who was later removed to McKittrick Hospital, Kenton, in the Frank Lattimore ambulance. An X-ray of the child's injuries was to be taken at the hospital today.

Mr. Smiley operates a gas service station here.

PLANE BURNS

Pilot Lands Safely After Long Parachute Jump

Mitchell Field, N. Y., May 25—Lieut. Stanley Umpsted was forced to take to his parachute when the army pursuit plane in which he was flying over the field here today, caught fire 3,000 feet in the air.

Umpstead tried to land the plane but it went out of control, 1500 feet above the ground. He leaped with his parachute from the plane landing safely on the field unhurt. At the border of the field the plane crashed still burning and is a total loss. It is believed a leaky gas line caused the plane to catch fire.

WIFE SLAYER SENTENCED ON MANSLAUGHTER CHARGE

Columbus, May 25—Arthur Battelle, 40, Grove City confessed hammer-murderer who beat his wife, Mrs. Minnie Battelle, to death in their home at Grove City, near here, March 22, today was under a four-to-20 sentence to the Ohio State Penitentiary here following his plea of guilty to manslaughter charges.

Battelle, who pleaded not guilty to a second degree murder charge, changed his plea yesterday when the prosecution announced that they would allow a plea of guilty to manslaughter charges. Imposition of sentence took place in Franklin County criminal court by Judge John R. King.

SPEAKER SAYS ONLY HALF OF CRIME IS MADE PUBLIC

Chicago, May 25—Half of Chicago's crime record has never been made public, according to Arthur V. Loomis, director of the crime survey, recently compiled by the Illinois Association for Criminal Justice.

In a speech before the City Club here, Loomis charged that Chicago police systematically suppress reports of crime, saying:

"There is an enormous amount of crime of which the average citizen never hears. Police simply will not record all the felonious crimes reported to them."

WILL ATTEND NATIONAL SCHOOL BAND CONTEST

Paul Dowler and William L. Thorne left today for Joliet, Ill., where they will attend the national school band contest as guests of Captain and Mrs. A. R. MRS. HOMER PLACE was in charge of the luncheon and program of the Algonquin Club guest day yesterday at 1 o'clock in the presidential suite of the Hotel Harding. Roses and sweet peas, the club flowers, were effectively used as centerpieces for the table and roses were given as favors. Miss Janice Laughman, accompanied at the piano by Miss Madeline Cahill, sang during the lunch hour.

One room of the suite was cleverly decorated to represent a country school room on the last day of school. Three members of the club, Mrs. James Haynes, Mrs. Edward Frye, and Mrs. J. Van Durnell, sang "School days," for the approval of the teachers, Mrs. Place. Mrs. Ray Violet gave a piano solo and Mrs. William Zahn entertained with a vocal solo.

Mrs. H. L. Hamilton gave a humorous monologue, followed by a piano solo by Mrs. Walter Kambale. "Interviewing Servant Girls," a play, was presented by Mrs. Edward Frye, Mrs. James Haynes, Mrs. Homer Place, Mrs. Arvy Foltz, Mrs. H. L. Hamilton, Mrs. Walter Blank, and Mrs. Edward Broucutter.

Mrs. A. L. Keller and Mrs. Walter Kambale won first honors in the spelling bee and Mrs. E. F. Flockinger and Mrs. Guy Blank won consolation. Mrs. Place was presented a large bouquet of roses by the club.

Out-of-town guests of the club included Mrs. Frank McCall, Mr. Victory, Mrs. Walter Kambale, Gailson, and Mrs. Lester Burns, Ashland. Mrs. Harry Williams, Mrs. Clayton Weber, Mrs. Jack Chaney, Mrs. Guy Shank, Mrs. Rebecca Fattig, Mrs. H. E. Harnden, Mrs. Earl Kollong, Mrs. Walter Stout, Mrs. Jay Jackson, Mrs. John Quigley, Mrs. William Haynes, Mrs. William Laughman, Mrs. A. D. Williams, Mrs. William Robbins, and Mrs. Charles Broucutter were guests of the club from this city.

The luncheon yesterday closed the club season until October.

MISS ANNA MARIE KLINGEL complimented Mrs. E. E. Smith, of Woodstock, at a 6 o'clock dinner at the Harding Hotel last night. A bowl of rose-colored sunflowers centered the table and candles of a matching tone, completed the appointments. Later, Miss Klingel entertained her

guests with a bridge party at her home, Blainway. Mrs. A. M. Hunter won first award and Mrs. R. H. Doyle, second. Mrs. Doyle and Mrs. Homer Timson, of Colabon, were out-of-town guests of Miss Klingel.

O. M. B. Club Members Are Entertained

Other guests were Mrs. Buechler of Columbus and Mrs. Harold Foster, Mrs. Dew Johnson and Mrs. Frank Hammond of this city. A five-course luncheon was served at 12 o'clock and the afternoon spent in cards. Mrs. Buechler, Mrs. Eliza Burnison, this city, were awarded high honors and Mrs. Fannie Keller, Marion, was consoled.

Three Tables for Bridge at Club Meeting
Mrs. J. O. Aldrich entertained members of the Transplicity Club yesterday afternoon at the home of Mrs. C. J. Colver, 8, Highgate. Three tables were arranged for cards, first and second awards being won by Mrs. Mary Murphy and Mrs. Alice Miller. Mrs. Aldrich was the third award. Mrs. M. C. Fox will entertain the club June 7 at her home, 314 S. Prospect st.

Miss Hazel Clapadelle Wins First Bridge Award
Ten tables were filled at the benefit bridge party given last night by the Marion Business Women's Club in the clubrooms on E. Center st. Miss Hazel Clapadelle won the first award at cards and Miss Jane Orr, second. Spring flowers decorated the tables at which a two-course lunch was served. Miss Alice Snoddenberger was chairman of the committee in charge of the party.

Mr. and Mrs. Harry Smith Guests of J. C. C. Club
Members of the J. C. C. Club met last night with Miss Gaudie Hendrickson, Harrison st. Two tables were arranged for cards, first award going to Mrs. Ernest Hoch, and second to Mrs. Cecil Gahler. Miss Minnie Zellars won the consolation award. Mr. and Mrs. Harry Smith were guests of the club. Light refreshments were served by the hostess. Thursday night the club will meet at the home of Mrs. Miriam Klehm, Chestnut st.

Supper Given to Club
Miss Kings' Daughters, assisted by Mrs. Ray F. Miller, entertained members of the Seniors' Dinner Club with a dinner at her home last night. A basket of pink and white sunflowers formed an attractive centerpiece for the table and favors in the same colors were given to the guests. During a short business session, Mrs. Charles Tobin was elected president of the club and Mrs. L. E. Reed, don, reporter.

Members of the club voted to contribute \$5 to the fund being raised by the City Union of King's Daughters towards purchasing a home for Harry Hill, blind broom-maker of Marion, and his family.

Honors in a contest held after the business meeting were awarded Mrs. Reardon, Mrs. John Cudd, Mrs. W. L. Prego and Mrs. Otto Ricker. Mrs. Cudd will entertain the club in two weeks at her home, Forest st.

Chiderella Club Presents Gift
Mrs. Roy E. Bailey was consoled as a new member of the Chiderella Club when it met yesterday afternoon with Mrs. Ira Eckles, Unapher-ay. Mrs. Carl Varner won first honors in a

contest and Mrs. Chester Henry was consoled. Mrs. Henry later won the guessing box. The hostess was presented a remembrance from the club, a cushion observed at each meeting. Lunch was served by Mrs. Eckles, after which the club adjourned to meet June 7 with Mrs. Varner, E. Center st.

Pleasant Hour Club at Grand Home
The Pleasant Hour Club was entertained yesterday afternoon at the home of Mrs. Paul Cranor, Olney st., the hostess being assisted by Mrs. Frank Waffle. After minutes of the last meeting were read, a social hour was enjoyed. Mrs. L. E. Brady won the first award in a contest and Mrs. Stanley McCorday was consoled. Mrs. Frank Waffle was awarded the guessing box. The club will meet in two weeks at the home of Mrs. Albert Hough, Jr., Wilson-ay.

Don't Get Run Down
It takes a quick, lively step to avoid being run down these days of a fast moving business world. A smart, alert body and mind are essential if one would avoid the dangers in this age of speed.

Safeguard your health and vitality—keep your body and mind alert—keep a youthful, springy step—that's how health and money go hand in hand.

If you wake up in the morning with that tired out, run down feeling; if the day's duties drag monotonously; if you are subject to dizziness, nervousness, headache, or even of stomach disorder or constipation, then you need a good tonic and energy builder.

"My-Pep-Sen" is all that its name implies. It Peps Up to People. It stimulates the digestive organs and in eliminating bodily wastes, it nature puts renewed energy into your body.

Warlett's Drug Store at 121 E. Center St. will gladly supply you with "My-Pep-Sen" which comes at \$1.00 per bottle.

Married Woman

—BY HELEN ROWLAND—

Mixed Grill
IN love, a man's winning card is audacity—a woman's tenacity.

A man's greatest inspiration in life is always the thing he wants, and HARRY POT! The girl he didn't marry, the kiss he didn't get, the woman he has not yet won. It is hope, not gratitude, that fires his ambition and puts him on his mettle.

One of the greatest feats of the modern woman is her ability to look very much over-dressed, when she is only half-clothed.

Sex attraction is not enough to marry on. Infatuation scarcely lasts beyond the honeymoon. It takes a lot of "Grade A" certified LOVE, to spread out over all the years and run over into Eternity!

All this talk about "companionate marriage" did not start until after the bride stopped putting a gold thimble and a cork look into her hope chest and substituted a can opener and a cocktail shaker.

Men wouldn't be so strong for self-expression, if they realized how often even a loving wife has to suppress a momentary impulse to throw things at her husband.

Woman loves to captivate, man to subjugate; but the real art consists in never letting a man know that he is a captive or a woman suspect that she is a subject.

The only lasting marriages are those in which the bride goes right on to the last breath telling the world that she has drawn the one prize-winning love-land on earth, and the husband goes right on believing that she means it.

Every city has a home for the feeble-minded—but most of them seem to prefer the night clubs.

Marriage is what changes a woman's "I love you so" into "I did you so!" Copyright, 1928

Don't Get Run Down

It takes a quick, lively step to avoid being run down these days of a fast moving business world. A smart, alert body and mind are essential if one would avoid the dangers in this age of speed.

Safeguard your health and vitality—keep your body and mind alert—keep a youthful, springy step—that's how health and money go hand in hand.

If you wake up in the morning with that tired out, run down feeling; if the day's duties drag monotonously; if you are subject to dizziness, nervousness, headache, or even of stomach disorder or constipation, then you need a good tonic and energy builder.

"My-Pep-Sen" is all that its name implies. It Peps Up to People. It stimulates the digestive organs and in eliminating bodily wastes, it nature puts renewed energy into your body.

Warlett's Drug Store at 121 E. Center St. will gladly supply you with "My-Pep-Sen" which comes at \$1.00 per bottle.
